

GATE FACTS

Welcome to Fenwick Gated Community!

Fenwick Gated Community is a separate homeowners association (HOA) responsible for the gates and streets within the gated area of Fenwick that includes sections I, II, IV, and V between Western and Fenwick Blvd.

Please follow these instructions and your gate access should go smoothly:

1. You **MUST** contact the Fenwick Gated HOA Board of Directors at 341-1428, EXT #1, to be added to the gate system. When you contact us and provide us with your home phone number you will be given two codes:
 - a. A 4-digit 'access' code for **YOUR PERSONAL USE ONLY**, which can be used at the Western Blvd entrance gate only, by you at any time to allow you to enter without a gate remote.
 - b. A 3-digit 'directory' code will also be assigned to you. This code can be used by your visitors. You may give your visitors this 'directory' code, which is the number immediately following your name at the gate. When your visitors punch in this 'directory' code the system will automatically dial your home phone number. Answer the call and establish the identity of your visitor. The call will cut off after one minute and you will hear a beep tone 10 seconds before this happens. **If you want to allow your visitor to enter, press the number 9 button on your telephone.** You will hear several beeps indicating the gate is opening to allow your visitor access. To deny entry, hang up the phone without pressing the number 9.
2. To enter at the Fenwick Blvd gate you must use a remote clicker as this gate is clicker access **ONLY** for residents of the gated area. Gate remotes are \$39.00 and may be purchased through the Fenwick Gated HOA board of directors at the aforementioned number. Visitors, however, can access entry by using your directory code at this gate just like @ the Western gate.

For any questions or comments you may contact Fenwick Gated HOA at 341-1428, EXT #1. **YOU MUST LEAVE YOUR NAME AND NUMBER IF WE ARE TO ADDRESS YOUR QUESTIONS/CONCERNS ABOUT THE GATE!!**
PLEASE **SPEAK CLEARLY** SO WE MAY RETURN YOUR CALL.
